Speaking of the large-scale color photographic portraits that he's showing in his third solo show with the gallery, Soth says, "Rather than trying to make some sort of epic narrative about America, I wanted to simply spend time looking at other people and, hopefully, glimpse their interior life." All of the images on view depict subjects in their own homes or interior spaces, inspired by the work of the great 20th-century photographer Peter Hujar.

**Where:** Sean Kelly Gallery, 475 Tenth Avenue

**When:** Opening Reception: Thursday, March 21, 6–8pm
