### MARINA ABRAMOVIC ANNOUNCES SENSORY DEPRIVATION EXHIBITION AT SEAN KELLY

Sean Kelly Gallery has announced a new participatory work by Marina Abramovic, titled *Generator*, which is set to open in New York later this month. "She will transform the main gallery into a space of sensory deprivation, an opportunity for forced introspection," the press release says. "Dealing with both the meditative and the communal, *Generator* will be a unique environment for visitors to push the boundaries of their self-awareness and inner-consciousness, as they are confronted with nothing but themselves and the palpable energy in the room."
