## NEW YORK

ENDS DECEMBER 6TH 2014

---

*The artist's first solo exhibition in New York since her retrospective at MoMA in 2010, "Generator" will turn the gallery into a sensory deprivation space by giving visitors noise-canceling headphones and blindfolds, and by requiring that personal items, including cell phones, be left in a locker before entering in order to impel visitors toward introspection. The show has a sixty-eight person maximum entrance limit.*
